VASI IN POLIETILENE

Polyethylen Pots

I vasi in polietilene della linea eco, sono prodotti in plastica.

Leggeri e resistenti, sono utilizzati per varie tipologie di piante in vivai, garden, uso domestico e aziendale.

I vasi in polietilene sono resistenti a temperature di -15° a $+45^{\circ}$. Hanno un bordo ben definito che li rende pratici nelle operazioni di carico, trasporto o trapianto.

A polyethylene planter is a planter made of plastic. These pots are usually lightweight and durable and used to house various plants. Polyethylene pots can be used in home and business environments, gardens, greenhouses. Since polyethylene pots are edged and have a wide circle, they provide great convenience to users and producers during loading, transporting, and planting.
